

## Cedar City Happenings

Mrs. E. H. Ryan entertained in honor of the post-office clerks, the librarians of the free library, and other public servants last Saturday.

John Elliker and wife of Enterprise were visitors in Cedar this week. Until the past five or six years Mr. Elliker was a resident of Cedar City.

The Thorley Theatre is now sufficiently completed to permit of performances being given. It will open tonight and tomorrow night with free entertainments for everybody.

All the parents of Cedar City are requested to meet in the tabernacle Thursday evening, Jan. 22, for the purpose of discussing an important subject relating to the children.

Dr. Rufus Leigh with his son, Rufus Parkinson, returned from Salt Lake Tuesday evening. The doctor reports having had a very enjoyable time in the city and is now ready to serve his patients better than ever.

Another successful operation was performed last Tuesday by Drs. Leonard and Macfarlane at the local hospital. The operation was for tonsillitis and performed on a child of Mr. and Mrs. Thurber.

Hyrum Ford and Joseph H. Aldrus of Kanarra were in Cedar Wednesday arranging for guns for a big rabbit hunt at that place. Mr. Ford reports dry roads and weather like spring in the vicinity of Kanarraville.

The old cotton mill at Washington is again running after many years of idleness and is turning out some of the best batting that can be made anywhere under the sun from seed grown at Littlefield.—Washington County News.

Miss Ruby Leigh entertained the members of the Tabernacle Decorating Committee last Friday afternoon at a Kensington, her mother being a member of the committee. The ladies for the most part were the older children of pioneers, and many times the embroidery needle rested over experiences in the early history of Cedar.

A great amount of development work is being done at Bull Valley on claims that have made remarkable gold showings. Many men are now employed there, and while little is being said those who know the country best predict that it will ere long be the greatest gold camp in the state.—Washington County News.

It is evident from the way in which Surety companies are declining to certify bonds of mail contractors on star routes, that these people fully appreciate the increase to the volume of mail that the change in the postal regulations relating to parcel post matter are bound to bring about. It seems to be only a matter of time until the express business of the country will all be handled through the mails.

Customers of the Bank of Southern Utah were remembered by a neat New Years card, which accompanied their monthly statement of account. The Bank has adopted the combination envelope and pocket for vouchers, which enables the cashiers to keep each customer's checks segregated, their accounts posted practically up to date all during the month, and saves a duplication of much of the work connected with the keeping of their large number of accounts.

Stake President L. N. Marsden and Stake Clerk S. J. Ward came down from the county seat last Saturday for the purpose of checking up tithing ac-

counts with the bishops of the wards, and the transaction of other business pertaining to the stake. Owing to indisposition, President Marsden was not able to visit the southern settlements of the stake, but Clerk Ward went down to Kanarraville, where he met with the bishop of that place and the bishop of the Harmony ward and checked over accounts. The visitors returned home Sunday afternoon.

Mrs. A. E. Leonard has been seriously ill for a day or two, and spent a very bad night last night, but is thought by the attending physician to be improving this morning.

Dr. Green was summoned by telephone last Wednesday evening to Lund to attend a Mr. Holyoak, who was reported as being very ill. The doctor being unable to find an automobile willing to tackle the roads in their present condition, was obliged to make the trip by team.

The Ite Society will meet in the Alumni room of the B. A. C. next Tuesday evening at 7:30. Miss Jean Brown will give a paper on "The Irish School of Writers," the paper will be discussed by members of the society. Mrs. Ada Wood Webster will render a soprano solo, selected.

James Robb, the genial agent of the Inter-Mountain Life Insurance company, has moved his family back to Cedar City, and will make this his headquarters. Mr. Robb states that he will shortly add a line of fire, plate glass, automobile, and other insurance to his stock of wares. Mr. Robb has made a pronounced success of his life insurance work, and will no doubt make a reputation for himself with his added line.

Messrs H. G. Fredrickson & Sons, the contractors on the new Carnegie Library, have completed their work and left for their homes last Tuesday. It is certainly a very pretty building, and a real ornament to Main Street. The Fredricksons have shown themselves to be thorough and capable workmen, and Cedar City is to be congratulated upon getting so fine a building. The appropriation received from the Carnegie commission was not sufficient to complete the building, the balance being supplied by the city council.

### SARVER

Sarver, Dec. 27, 1913.

Mrs. C. P. Clifton and daughter Beulah, accompanied by Mr. Clifton, Bert Lowe and P. Van Haff went on a rabbit hunt today to Mr. Kinkaid's place, and succeeded in bagging 51 rabbits in less than one hour and thirty minutes. Of this number Miss Beulah shot 6. There were two shotguns and two 22-cal. rifles carried in the party.

With from 2 to 6 inches of snow since December first, the prospects are some better for dry land farming on the desert the coming season. Mr. Clifton of the California ranch has plowed and seeded over one thousand acres during the past year.

Harry Cram, while hauling hay from Newcastle to the California Ranch, had his load upset on a side-hill, but being a good teamster and an active person, escaped serious harm.

**Low Excursion Rates Account**  
Farmers' Round-up and Housekeepers', Dairyman's, Dry Farmers' and Poultry conventions, Logan, Utah, Jan. 26 to Feb. 6. Tickets on sale from all Utah points Jan. 22 to 26, inc., Jan. 30 and 31. Return Feb. 9. Ask for tickets via Salt Lake Route, 6

## RABBIT HUNTERS FITTINGLY ENTERTAINED

### Successful West Warders Par-take of Hospitality of Their East Ward Neighbors

As advertised in The Record of last week, the champion West Ward rabbit hunters were regaled with a banquet and dance at the expense of their East Ward neighbors of the splatter-gun profession last Tuesday. The banquet was a sumptuous one and was served by the East Ward Relief Society ladies in the basement of the Cedars Hotel, over 70 persons being served.

During the time at tables, a number of good toasts and poems were given, and heartily applauded. The banquet over all the company repaired to the Ward Hall, where a grand ball was participated in, the music being furnished by the Enoch orchestra. Everybody seemed bent on having a good time, and the best of feeling prevailed. The company being a mixed one, quite a number of old style dances were called on, including an abundance of plain quadrilles, so that everyone had an opportunity of dancing as much as they wished.

At the dance, E. B. Dalley, on behalf of the East side, issued a challenge to the West side for a return game on Feb. 12th, which was accepted on the spot by the East side leaders, so that there will, unless some thing transpires to change the program, be another hunt on Lincoln's birthday.

### B. A. College News.

A second victory for the B. A. basket ball squad was witnessed in a game played the night of January 2, when they succeeded in defeating the All Star team by a score of 36 to 18. This game made it obvious that our team is progressing and have made great strides in development since the game played with the All Star team the night before Thanksgiving, when the score was 25 to 20 in favor of the All Stars.

Last Tuesday in Students' chapel the following program was given:

Reading, Ramona Clark—"Legend Beautiful."  
Piano solo, Mary Urie—"With My Love."  
Talk, Willard Sargent—"Personality."

The debating class is now working energetically on the tariff question. The other schools of this district have not as yet accepted the challenge made them by the B. A. C. for a triangular debate to take place in March.

The basket ball team left this morning for Beaver to meet the Murdock Academy team. A game will be played Saturday evening. Due to the fact that John Lunt, a star player, injured his foot while playing in St. George, the team will be somewhat handicapped. However, a worthy substitute will play in his stead and we sincerely hope that the team will return bearing the laurels of victory.

The English C. class is studying the lives and works of the English writers of the fourteenth and fifteenth centuries.

A veterinary clinic will be held on the B. A. C. grounds tomorrow (Saturday). Dr. Whitehead will be in attendance.

### Bids Wanted

Bids are hereby invited for the furnishing and laying of an Oregon pine floor in the North side of my business block, on Main street. Room 21x37 feet. For further particulars call on or write BENJ. F. KNELL, Cedar City, Utah.

## THORLEY THEATRE OPENS

### Free Entertainments Last Night and Tonight—Drew Big Crowd

The new Thorley Motion Picture Theatre opened last night with a free show for everybody, that was fortunate enough to obtain admittance. There was not room enough for everybody, however, and a number that would have liked to attend the initial performance were unable to gain admittance. The building was packed from curtain to entrance, with people anxious to inspect the new theatre, and the quality of the performance. Tonight the program will be repeated for the benefit of those who were unable to gain admittance last night. The theatre is neat, commodious and well appointed. It is equipped with 400 opera chairs, a first-class motion picture machine, and all conveniences except in the larger cities, and will no doubt prove a strong drawing card with the amusement loving public. It has been erected at great cost and shows faith on the part of its builder, Mr. T. A. Thorley, in the future of Cedar City.

### TO REORGANIZE DOMESTIC SCIENCE CLUB

At the Domestic Science rooms of the B. A. C. next Friday, a meeting of the members of the old B. N. S. Domestic Science class, which was composed of ladies from the town, and all ladies who desire to become members of the new organization, will be held for the purpose of effecting a reorganization of the society. All ladies of the town and county are cordially invited to participate. The object of the class or society is to disseminate education along the lines of home economics, arts, etc. The call should be met with a ready response from all the ladies of Cedar City as well as near-by towns, as the subjects considered are of vital interest to every wife and mother.

### LIVERY STABLE

#### CHANGES HANDS

W. E. Corry and John H. Fife Take Over Interests of Adair and Macfarlane

The details of a transaction by which W. E. Corry and John H. Fife become the sole proprietors of the Cedar City Livery and Transfer Company, which includes a submail contract on route 69113, from Paragonah to Cedar City, and the Ford Automobile recently purchased by the company, were worked out this week and the formal transfer made. Hereafter Messrs. Corry and Fife will be at home to the traveling and pleasure-seeking public requiring their services.

### MR. AND MRS. ROLL

#### HUNTER RETURN

The many friends and acquaintances of Mr. and Mrs. Roll Hunter will be pleased to learn that Mrs. Hunter, who underwent a most serious operation at the L. D. S. hospital some three weeks since, has so far recovered as to be able to stand the journey home, and last night arrived on the stage from Lund.

Mrs. Hunter was feeling fine, everything considered, and stated that she did not feel like the same person who went away from here a few weeks since. Mr. Hunter remained with his wife all through the ordeal, and until her return.

The operation was performed by Dr. Middleton, and consisted in the removal of the appendix a number of tumors, and the correction of other complications, really amounting to five distinct operations in all, though the patient took the operating table but twice.

The Record sincerely congratulates the lady and her husband

## AUTOMOBILE GARAGE

Automobiles and All Kinds of Machinery Repaired

Twenty-five years experience in Machine Shops and Automobile Garages.

J. A. KOPP,

Telephone 39 white Cedar City, Utah

upon her speedy and satisfactory recovery from so serious complication of diseases.

### Modena

January 7.

Last night while locomotive No. 4237 was passing thru Modena, to the East, with a heavy load of freight the rails spread and threw the locomotive off the track. This caused a delay of several hours while "she" was again being placed upon the track, and it made strong enough to support "her."

Dr. J. C. Arnout, a land owner of Moapa, where he has been for the past summer looking after his land interests, passed through here with his car and chauffeur on his way to Hurricane, where, if he finds conditions as represented, he will locate and practice medicine. The people of Hurricane are in need of a good doctor and Dr. Arnout being an experienced physician will in all probability fill their needs.

### Next Week at The Gem

The following is the repertoire of plays that will be shown at the Gem Photo Theatre next week

The daughter of the Spy. —She risks her life to aid the escape of her sweetheart.—Splendid 2-reel feature by the Cine company.

Pathe's Weekly. There is only one "Pathe's Weekly." It is the most instructive and interesting film produced.

A Limited Divorce. A farce comedy by the Biograph company.

Her Spoiled Boy. A pretty drama by the Vitagraph company.

The Redskin Raiders. A thrilling Indian story by the Kalem company.

Her Father's Hat, and the Mammoth Lifesaver. Two roaring comedies by the Vitagraph company.

In the Aisles of the Wild. A pretty Biograph love story. The Striped Bathing Suit. Pathe comedy.

All the old favorite players.

### 9-Pound Sweet Potato

Washington County News: "Frank Cox was showing a large sweet potato here the fore part of the week that he had brought up from Overton, Nev., Sunday. It was grown by Pres. W. L. Jones of Overton and weighed 7 pounds. Mr. Cox stated that it weighed 9 pounds when it was taken from the ground some time ago."

Best Cough Medicine for Children  
"I am very glad to say a few words in praise of Chamberlain's Cough Remedy" writes Mrs. Lida Dewey, Milwaukee, Wis. "I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when medicine must be given to young children. For sale by All Dealers.
